Analytical & Technical Skills

Professional Summary

Data Analyst with 4+ years of experience leveraging SQL, Power BI, Python, and AI to drive efficiency and inform strategic decisions. Expert in automated reporting, real-time dashboards, and cost-optimization solutions.

- **Database Management:** Skilled in SQL (SSMS, Oracle) for efficient data querying and management.
- **Process Automation:** Experienced with Power Automate for streamlining workflows.
- **Excel/Power BI:** Advanced in pivot tables, data filtering, XLOOKUP, and structured data analysis.
- **Python:** Familiar in data manipulation, automation, and web development.
- **Finance:** Familiar with Budgets, Forecasts, Investments and Product calculations

Experience

Talk Online Panel | Wein, Austria | Remote | Freelancing Data Manager

Sept 2025 – Present

- Cleaned and validated large datasets using SQL and Excel, identifying and eliminating redundant and inconsistent data to improve data integrity.
- Designed and delivered interactive dashboards for clients, highlighting potential use cases and enabling data-driven opportunities.
- Designed a standardized data taxonomy to enhance data organization, accessibility, and governance.

BOSCH | Cluj, Romania Lead Plant Business Analyst

Apr 2025 – Sept 2025

- Monitored plant KPIs to ensure financial alignment, leading to increased efficiency.
- Analyzed cost structures (sales, headcount, defects), identifying cost-saving opportunities exceeding \$200K/year.
- Produced monthly and quarterly reports to support forecasting and strategic planning.
- Advised senior management with data-driven insights to guide key decisions.

Laboratory Project Engineer

Feb 2022 – Apr 2025

- Developed real-time Power BI dashboards connected to SSMS, Oracle DB, Excel, and Jira API, improving data accessibility by 80%.
- Automated reporting and scheduling workflows via Power Automate, saving ~20 hours/week.
- Managed software implementation across 3 labs, ensuring seamless configuration.
- Coordinated lab scheduling (3D Measurement, Clean Room, Failure Analysis) to optimize resources.

CEDAR FAIR | Ohio, U.S.A.
Lifeguard

Jun 2019 – Oct 2019

- Ensuring guest safety across high-traffic areas.
- Successfully completed International Lifeguard Training Program certification.

Projects

- Created a full-stack web app using HTML, CSS, JS, Python, and SQL to visualize data.

Education

- BSc Mechanical Engineering – Automotive – Transilvania University of Braşov | Romania | Sep 2017 – Jun 2021
- Erasmus Exchange – VIA University College, Denmark (6 months)
- Academic Research – Università degli Studi di Genova, Italy (2 months)

Certifications

- CS50: Introduction to Computer Science – Harvard (Python, SQL, C, Web Dev)
- IELTS – C1 Level (English Proficiency)

Additional Information

- Languages: Romanian (Native), English (Fluent – C1), German (Beginner – A2)
- Volunteering: Ingenious Drama Festival – Chief Secretary, Sponsorships & Organization (2014–2018)
